4.6 Foreign Exchange Services

4.6.1 Description of Service

(T)

A. General

(T)

Foreign Exchange Service allows a Customer to receive local exchange service from a rate center different from the Customer's physical location.

B. Limitations

(T)

Except as specified below, Foreign Exchange Service is furnished in conjunction with local exchange service such as Voice T1 pursuant to the applicable local tariff. Foreign Exchange Service may only be provisioned where the Company offers local exchange switched services and as facility and switch conditions permit.

(T)

The dial plan (local calling) is associated with this "foreign" rate center. The Company does not guarantee call completion to any Foreign Exchange telephone number from exchanges other than the exchange with which the telephone number is associated, even though end users in the other exchanges may have local calling plans that include calls to end users physically located in the exchange with which the Foreign Exchange telephone number is associated.

(M)

(T)

The Customer may be required to change its virtual telephone number(s) if the Company' adds equipment or network components, such as a Central Office, in its serving area and transfers NXX codes into the new equipment.

4.6 Foreign Exchange Services, (Cont'd.)

4.6.2 Application of Rates

(T)

A. Rate Elements

The Company's Foreign Exchange Services are offered under the configurations described below. Under all options, the Local Access Service component is priced pursuant to the applicable rate schedule. The rate elements that are applicable to Foreign Exchange service are:

- Local Access Service – the current tariffed or listed rate under which the Customer purchases local service in the home exchange.
- Foreign Exchange (FX) Premium Charge to extend the Customer's Local Access Service beyond the Customer's home local exchange
- Interoffice Transport – the charges that apply when service is provisioned on Company-provided interoffice facilities.
- Individual Telephone Numbers – the charge for assigning multiple telephone numbers in the Foreign Exchange.

B. Rate Changes

In the event that regulatory conditions and/or interconnection agreements affecting the Company's provision of Foreign Exchange Service change after the date of any Agreement, the Company reserves the right in its discretion, upon thirty (30) days' notice to the Customer, to discontinue provisioning or increase the price of any Foreign Exchange Service subject to this rate schedule. In the event that the Customer does not accept the Company's rate increase, the Customer may discontinue the affected Foreign Exchange Service without penalty upon thirty (30) days' notice to the Company.

5.3 Listings

5.3.1 General

The Company does not own or control directory publishing in the service area, but does offer Customers listings in local directories through external agreements. No liability of any nature whatsoever shall attach to the Company or to any other common carrier that furnishes any portion of the Company's service for damages arising from errors, mistakes, omissions or delays of the Company or its agents or employees in handling directory listings or listings in any directory assistance database.

(T)
|
|
|
|
(T)

The following rules apply to standard listings in light face type in the white pages (alphabetical section) of the telephone directory and to the Directory Assistance records.

Only information necessary to identify the Customer is included in these listings. Abbreviations may be used. A listing may be rejected if it is judged to be advertising or judged to be objectionable. A name made up by adding a term such as Company, Shop, Agency, Works, etc. to the name of a commodity or service will not be accepted as a listing unless the Customer is legally doing business under that name.

(T)
(T)

A name may be repeated in the white pages only when a different address or telephone number is used.

(T)

5.3.2 Composition of Listings

A. Name

1. Business Service

The following names may be included in business service listings:

(T)

- a. The name of Customer or joint user.
- b. The name of each business enterprise which the Customer or joint user conducts.
- c. The name by which the business of a Customer or joint user is known to the public. Only one such name representing the same general line of business will be accepted.

(D)

(D)

- d. The name of any person, firm or organization which Customer or joint user is authorized to represent, or the name of an authorized representative of the Customer or joint user.

(T)

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.3 Listings, (Cont'd.)

5.3.2 Composition of Listings, (Cont'd.)

A. Name, (Cont'd.)

1. Business Service, (Cont'd.)

- e. Alternative spelling of an individual name or alternative arrangement of a business name, provided the listing is not for advertising purposes. (T)
- f. The name of a publication issued periodically by the Customer or joint user. (T)
- g. The name of an inactive business organization in a cross-reference listing when authorized by such business or organization. (T)
- h. The name of a member of Customer's domestic establishment when business service is furnished in the Customer's residence. (T)
- i. The name of a corporation which is the parent or a subsidiary of the Customer. (T)
- j. The name of a resident of a hotel, apartment house, boarding house or club which is furnished PBX service, may be included in a residence type listing with the telephone number of the PBX service. (T)
- k. The name of the Customer to a sharing arrangement. (T)

B. Designation

The purpose of a business designation is to identify the listed party and not to advertise the business. No designation of the nature of the business is included if this is sufficiently indicated by the name. Where a listed party is engaged in more than one general line of business, one additional business designation may be included in the listing when necessary to identify the listed party. When a listed party has two or more listed telephone numbers or two or more business addresses, designations indicating the branches of the organization may be included where necessary to assist the public in calling.

A designation may include a title to indicate a listed party's official position, but not the name of the firm or corporation with which the individual is connected. Individual names or titles are not shown following the name of a firm or corporation.

5.3.2 Composition of Listings, (Cont'd.)

B. Designation, (Cont'd.)

A term such as "renting agent" may be included in a listing indented under the name of a building, provided the agent maintains a renting office in such a building.

A designation is not ordinarily provided in a residence type listing except for residential service as permitted under the terms of this tariff. A professional designation is permitted on residence service in the case of a physician, surgeon, dentist, osteopath, chiropractist, podiatrist, optometrist, chiropractor, physiotherapist, Christian Science practitioner, veterinary surgeon, registered nurse or licensed practical nurse, provided that the same name and designation is also listed on business service of that Customer or another Customer in the same or different directory.

The listing of service in the residence of a clergyman may include the designation "parsonage," "rectory," "parish house," or "manse," and any such listing may be indented under a listing in the name of the church.

(D)

(D)

The Company, at its own discretion, may require the Customer to provide official documentation, such as a state issued business license, to support their requested name, address and/or telephone number when the Company believes the Customer is attempting to secure preferential directory listings.

|

(N)

C. Address

Each residence or non-profit listing may, but does not have to, include the street address where the telephone number is provided. Other information, such as a building name or a locality designation, may be included to help identify the Customer.

5.3.3 Types of Listings

A. Main Listing:

(T)

1. Main Standard Listing - A main standard listing includes a name, designation, address and telephone number of the Customer. It appears in the White Pages of the telephone directory and in Directory Assistance records. The designation in the listing will be provided according to the rules as set forth in this section.

(T)

(T)

(T)

2. Additional Main Listing - Customers may arrange for an additional main listing. An additional main listing is a main standard listing providing for a non-hunting extra-line or for the first line of each multi-line hunt group.

B. Premium Listings

1. Additional Listing

Customers may arrange for additional listings, similar to the main standard listing, at the additional listing rate. Listings may include abbreviated names, names which are commonly spelled several ways, rearrangements of names and nicknames by which the Customer is commonly known. All names will be included in their proper alphabetical order. If the above additional listing does not readily identify the Customer, it shall be necessary to include a line of information stating "same as" or "see" and a reference to the name contained in the main listing at the extra listing line rate. Listings will not be accepted for the purpose of securing preferential publicity or position.

2. Extra Listing Lines (T)

Lines of information acceptable to the Company may be arranged for at the rate shown in the schedule to appear in addition to a main listing for the purpose of facilitating use of the service.

3. Alternate Call Listings (T)

Any listed party who has made the necessary arrangements for receiving telephone calls during his or her absence may have an alternate telephone number listing or a night listing. Such listing may be furnished as an indented listing or as a sub-caption.

The telephone number in such a listing may be that of another service furnished to the same Customer, or of one of the Customer's PBX trunks not included in the incoming service group, or of a service furnished to a different Customer.

4. Alternate User Listings (T)

An Alternate User Listing may be furnished when it is necessary to refer the directory user to an alternate listing when there are joint users of the same telephone number.

5. Cross Reference Listings (T)

A Cross Reference Listing may be furnished in the same alphabetical group with the related listing when it is necessary to refer the directory user to another directory listing. (T)

5.4 Non-Published Service

5.4.1 General

Non-published service means that the Customer's telephone number is not listed in the directory, nor does it appear in the Company's Directory Assistance Records.

5.4.2 Regulations

- A. This service is subject to the rules and regulations for E911 service, where applicable.
- B. The Company will complete calls to a non-published number only when the caller dials direct or verbally gives the operator the number. No exceptions will be made, even if the caller says it is an emergency. (T)
- C. When the Company agrees to keep a number non-published, it does so without any obligation. Except for cases of gross negligence or willful misconduct, the Company is not liable for any damages that might arise from publishing a non-published number in the directory or disclosing it to someone. If, in error, the telephone number is published in the directory, the Company's only obligation is to credit or refund any monthly charges the Customer paid for non-published service. (T)
- D. The Customer indemnifies (i.e., promises to reimburse the Company for any amount the Company must pay as a result of) and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-published service or the disclosing of said number to any person. 5.6 Information Service Provider NXX Access

The Company provides access to Information Service Provider (ISP) NXXs provisioned by the incumbent Local Exchange Carrier. The Company will bill the End User for ISP calls at rates designated by the ISP. See Section 5.2 for optional blocking service, which will prohibit the completion, and billing of unwanted ISP calls to a Customer service line.

(T)

5.7 Hunting

5.7.1 Series Completion Hunting (Regular and Circular)

(M,T)

This feature allows individual Directory Numbers (DN) to "series complete" to another DN when the original DN is busy. The Customer provides a list of the lines which will have this feature and the order in which they will hunt. Only 10 stations will be allowed in a series completion. The last DN can point to the 1st DN in the list to provide circular hunting.

A. Regular Series Completion

Any of the numbers in the series can be called. If the called number is busy, the switch will hunt to the next in line. The hunting will always stop at the last number in the group.

B. Circular Series Completion

Any number in the series can be called. If the called number is busy, the switch will hunt to the next in line. The hunting will stop when the number preceding the called number is reached.

5.12 Emergency Reroute Service

5.12.1 Description of Service

Emergency Reroute Service allows a Customer to request the temporary forwarding of a telephone number to an alternate location number designated by the Customer. Emergency Reroute Service is for situations where the Customer requires incoming calls to be rerouted immediately, and on a temporary basis. Emergency Reroute Service is available on a limited basis for Line, Trunk and Voice T-1 services. (T)

The Customer may forward up to three numbers per request. Requests to forward additional numbers will be addressed on an individual case basis. An emergency reroute will remain in place for no more than 30 days from the date initiated.

The Customer is responsible for all measured or message usage or toll charges incurred in the rerouting of calls.

The Company is entitled to rely upon instructions given by telephone from a person representing himself or herself to be an authorized representative of the Customer without further verification so long as the Company has no reason to believe that such person lacks proper authority. (T)
(T)

The Company's liability with respect to a claim or suit by a Customer, or any third party, for damages associated with Emergency Reroute Service, including, but not limited to the installation, provision, performance or non-performance of Emergency Reroute Service, shall not exceed an amount equal to the proportionate charge for the Emergency Reroute Service for the period during which the service was affected.

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.13 Busy Verification, Interrupt, and Customer Originated Trace Services (T)

5.13.1 General (T)

Upon request of a calling party, the Company will verify a busy condition on a called line. An operator will determine if the line is clear or in use and report to the calling party. In addition, the operator will intercept an existing call on the called line if the calling party indicates an emergency and requests interruption.

Customer Originated Trace allows a Customer to originate a trace to track harassing callers that they otherwise cannot identify via Caller ID. The feature "marks" the calling records in the Company's switch so that if and when they are requested by law enforcement the Company can easily identify the call within the call records. The Company will not release caller identification records directly to the Customer. This information will only be released to law enforcement at their request. (N)

5.13.2 Rate Application (T)

A. A Verification Charge will apply when: (T)

1. The operator verifies that the line is busy with a call in progress, or (T)

2. The operator verifies that the line is available for incoming calls. (T)

B. Both a Verification Charge and an Interrupt Charge will apply when the operator verifies that a called number is busy with a call in progress and the Customer requests interruption. The operator will interrupt the call advising the called party of the name of the calling party and the called party will determine whether to accept the interrupt call. Charges will apply whether or not the called party accepts the interruption. (T)

C. No charge will apply when the calling party advises that the call is from an official public emergency agency. (T)

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.18 Voice Mail Service (N)

5.18.1 General

Voice Mail Service (VMS) provides the Customer with the capability to receive, send, store and retrieve voice messages over the telephone network. VMS is offered where Simplified Message Desk Interface II (SMDI II) and VMS facilities are available.

The basic component of VMS is the mailbox which provides for receipt and storage of messages. VMS is accessed via a touchtone telephone or similar Dual Tone Multifrequency (DTMF) device and requires the input of a passcode.

VMS is comprised of tiered levels of applications in packages with one or more optional features available. The Customer must access Voice Mail through the use of other network access service provided by the Company or other telecommunications common carriers. Such access, including applicable local usage and toll charges, is the responsibility of the Voice Mail Service subscriber.

5.18.2 Business VMS Offerings

Basic Mailbox - provides the Customer with Call Answering and Messaging and Busy Greeting abilities. A Basic Mailbox may receive twenty-five (25) messages in a billing period for the flat fee, messages over the allowance will be charged an additional per-message charge. Features include Delivery Options and 5 Group Lists. The VMS mailbox holds 15 messages, with a 15 day retention period, a Greeting length of 2 minutes and the ability to receive messages of 2 minutes duration. Call Forward Busy (CFB), Call Forward Don't Answer (CFDA) and Message Waiting Indicator (MWI) are included.

Enhanced Mailbox - provides the Customer with Call Answering and Messaging, Busy Greeting, Reminder and Future Delivery abilities. Features include Delivery Options, 15 Group Lists and Extended Absence Greeting. An Enhanced mailbox may receive 50 messages in a billing period for the flat fee, messages over the allowance will be charged a per message charge. The VMS mailbox holds 60 messages, with a 45 day retention period, a Greeting length of 5 minutes and the ability to receive messages of 5 minutes duration. Call Forward Busy (CFB), Call Forward Don't Answer (CFDA) and Message Waiting Indicator (MWI) are included. (N)

SECTION 5 - SUPPLEMENTAL SERVICES, (CONT'D.)

5.18 Voice Mail Service, (Cont'd.)

5.18.2 Business VMS Offerings, (Cont'd.)

Deluxe Mailbox - provides the Customer with Call Answering and Messaging, Busy Greeting, expanded Reminder, and Future Delivery abilities. Features include Delivery Options, 15 Group Lists, Extended Absence Greeting and Revert to Operator. A business stand-alone Deluxe Mailbox may receive 73 messages in a billing period for the flat fee, messages over the allowance will be charged an additional per message charge. The VMS mailbox allows up to 73 messages, with a 45-day retention period and a Greeting length of 5 minutes. Message may be up to 5 minutes duration per message. Call Forward Busy (CFB), Call Forward Don't Answer (CFDA) and Message Waiting Indicator (MWI) are included.

5.18.3 Other Services

Pager Notification - allows you to assign a pager number that will be called when a message is received in your mailbox. This feature is only programmable by TWTC and pager out-dial numbers are limited to 800 numbers only.

Tree - A menu option that allows incoming callers to select from a menu of pre-selected one digit options and be routed to that option.

Auto Receptionist - voice mail application frequently used as an automated versus a live receptionist who directs the caller to enter the extension number they are calling and be transferred. Most often used to direct overflow traffic coming in to the receptionist.

Sub Mailboxes - personal mailboxes grouped under a master mailbox.

Greeting Only (5 minutes) - Provides the caller with a notice/greeting only. The length of the greeting can be up to 5 minutes. The caller cannot leave a message.

Greeting Only (10 minutes) - Provides the caller with a notice/greeting only. The length of the greeting can be up to 10 minutes. The caller cannot leave a message.

"Virtual" options on the above products are also supported. These do not require the provisioning of a physical line in order to be supported. These include:

Virtual Auto Receptionist/ Auto Attendant

Virtual Basic Mailbox

Virtual Deluxe Mailbox

Virtual Enhanced Mailbox

Virtual Greeting Only (5 minutes)

Virtual Greeting Only (10 minutes)

5.20 Automatic Intercept Service (AIS)

(N)

5.20.1 General

Automatic Intercept Service (AIS) allows the caller to be referred, and where technically feasible, automatically connected to a subscriber's new telephone number after receiving the intercept message. This service is available to Customers that move within the Company's serving area.

5.20.2 Regulations

- A. These regulations, rates and charges are in addition to the regulations, rates and charges found elsewhere in the Company's applicable tariffs.
- B. AIS is available where facilities are available and conditions permit.
- C. The maximum service period for AIS is three (3) months for residence and business Customers. The service may be extended for an additional period by notifying the Company at least five business days prior to expiration of the initial service period.
- D. With AIS, the caller incurs normal usage charges for the call from the point of origination to the intercepted number; the AIS subscriber incurs all applicable intraLATA toll charges between the intercepted number and the new number.
- E. Except with regard to the provision of AIS, the intercepted number is, in all respects, a disconnected service. Third number and collect calls cannot be billed to the intercepted number, and any Calling Card associated with the number is invalid.
- F. Charges will be credited for completion of calls to wrong number, incomplete connections or calls with unsatisfactory transmission.

SECTION 11 - INTEGRATED BUSINESS LINE /VERSIPAK SERVICES, (CONT'D.)

11.2 Bonded Integrated Service Offerings

11.2.1 VersiPak Mach2 Service

A. Description

VersiPak Mach2 Service consists of 3.0 Mbps of Integrated voice and Internet bandwidth. Customers may purchase up to 36 equivalent voice channels with any of the remaining bandwidth sold as Internet bandwidth CIR. The voice channels may be analog (lines or trunks), digital (trunks or PRI) or a combination of both analog and digital. The OutBurst SB is an IAD that integrates voice and data services into a single shared uplink that can provide maximum efficiency by dynamically allocating bandwidth between voice and data. The SB has a built-in Fast Ethernet interface and three universally configurable slots. One of the slots is used for the uplink to the PPN. The other two slots can be configured for analog or digital voice. The analog voice module supports up to 12 POTS interfaces. One or two of these modules may be used in a SB. The digital voice module supports one DS1 with up to 24 DS0 channels. The voice configuration must fit within the card port capacity of the FXS, FXO and/or DS1v cards.

<u>VersiPak Mach2</u>	<u>Minimum</u>	<u>Maximum</u>	<u>CIR</u>	<u>PIR</u>
